Rev. Dr. W. S. Bean, Historian of Synod, presented the following report, which was received as information:

Reverend and Dear Brethren:

As you have honored me by entrusting me with the continuation of the History of Dr. Howe, it is due you to give some account of my work thus far. A long illness prevented me from doing any work the entire summer of 1911. During the past summer, through the courtesy of the Stated Clerks of the four oldest Presbyteries, I have had access to the Minutes from 1850, the date at which Dr. Howe closed his second volume. I first read these Minutes carefully and took full notes of all matters of interest. I read carefully also the political history of the period, so as to understand the environment of the Church. I took up, also, the old volumes of the "Southern Presbyterian Review," from 1850 on; also the work of Dr. Adger, "My Life and Times." The old Reviews contain many weighty articles from Drs. Palmer, Thornwell, John Leighton Wilson, Dr. John B. Adger and others. I made many extracts from these articles, as these ministers are recognized as among the leaders of our Southern Church and as once honored members of this Synod. Indeed, these articles are as the breath of life which animates the drier annals of the official Minutes. I have had access to some of the printed Minutes of the Synod, through the courtesy of Dr. Thomas H. Law, but still require a careful investigation of the original Minutes now deposited in the Theological Seminary in this city. I hope now to weave into a connected narrative these sources of information; and I wish to make use freely of these valuable papers which throw light on the mind and heart of the Church, but are now buried in the old volumes of the S. P. Review. In this way, by condensation and omission, I hope to reproduce in the very words of these venerated leaders the thoughts and principles by which they were actuated. Due attention must be given also to each church, each Presbytery and each minister. The papers adopted in reference to the civil war, the instruction of the negroes, the separation from the Northern Church, and the work among our soldiers in camp and hospital are of the deepest

interest, and often touching and thrilling, even after fifty years. If this view of the work meets with your approval, I shall feel encouraged to go on at once, as I have made myself familiar with a period of some fifteen years.

I do not know what plans are to be made for publishing the work. I cannot undertake it at my own expense, nor do I know how far the Synod formerly backed up Dr. Howe's labors financially. I should like to publish the volume in attractive style, and to insert portraits of the leaders of the Church in the past, and also views of our churches. This can be done with less expense, because already many plates and photo-engravings are in existence which could be obtained.

When I first looked upon the ancient volumes of Minutes, I confess that I shrank from the task as dry, drudging and even repellent. But the perusal of these volumes, the signatures of venerated men who have gone to their reward, the glimpses afforded of the counsels and labors of consecrated workers in the Kingdom of Christ, the gathering of the dark clouds of war, the echoes of distant battles, the plaintive stories of loss and desolation—soon roused in me a sense of interest and sympathy, which I would fain bring home to the hearts of the living generation. Were this to be accomplished merely by my own attempt to construct a flowing narrative it would seem a hopeless task. But the thoughts, the principles, the hopes and decisions of our consecrated toilers in the past come back to us in what remains of their writings; and with the help of God it may be possible to rekindle our reverence and affection for them, lest they pass away from our memory. With your interest and co-operation, my dear brethren, I can venture to take up this work, hallowed by the touch of the saintliest man I have ever known, the learned and consecrated teacher, Dr. George Howe.

Very respectfully,

WM. S. BEAN.

The Stated Clerk of Charleston Presbytery reported that Rev. Dr. R. B. Grinnan had been received today into that Presbytery, and he was accordingly enrolled as a member of Synod.

The several Presbyteries presented their statistical reports and narratives. The former appear in the Appendix and the latter went to the Committee on the Narrative.

President W. J. Martin, of Davidson College, then addressed the Synod.

Secretary E. W. Smith also spoke briefly on the present condition of our Foreign Mission Work.

It was made the special order for 4:30 p. m. tomorrow to hear the report of the Permanent Committee on Assembly Home Missions, and Rev. Dr. A. D. P. Gilmour on the same subject.

The Committee on the Minutes of the Assembly made the following report, which was adopted:

The Committee on the Minutes of the General Assembly respectfully report that we have examined the same and note the following matters of interest to the Synod:

1. The minimum amount recommended for the benevolent work of the Assembly from the Synod of South Carolina is $81,181, which is nearly $7,000 more than was contributed last year by our churches. (Page 51.)

2. The holding of Sunday School Institute—(Page 41.) The Presbyterial and Synodical chairmen of Sabbath Schools and Young People's Societies are urged to arrange for at least one Sabbath School Institute each year.

3. Co-operation in interest of Assembly's Finance.—(Page 52.) Our Synod is asked to co-operate with Assembly's Secretaries and the Laymen's Missionary Movement in the inauguration of a campaign to raise one million five hundred thousand dollars for the benevolent work of the Assembly during 1913-14, five hundred thousand of this fund to be used for equipment and to be pro-rated among the four executive committees, according to the basis recommended by the Assembly. That special effort be made on the part of all the pastors and members of our churches with the view of deepening the spiritual life of the Church and bringing the largest possible number of souls to Christ.

The report of the trustees of Thornwell Orphanage was presented and received as information. (Appendix.)

Synod took recess until 8 p. m.

EVENING SESSION.

8 p. m.

The Synod, after appropriate introductory exercises, conducted by Rev. J. P. Marion, heard the second of the Thornwell Centennial addresses, by Rev. A. M. Fraser, D. D., of Staunton, Va., on "Dr. Thornwell as an Ecclesiologist."

Rev. Dr. D. M. Douglas, President of the Presbyterian College of South Carolina, addressed Synod in the interest of that institution.

Invitations were extended to the members of Synod, and heartily accepted, to visit the College for Women, in this city, at 5 p. m. tomorrow, and to attend a social function in the Smith Memorial Chapel from 6 to 8 p. m. tomorrow.

Adjourned, with prayer by Dr. Sprunt, till 9:30 a. m. tomorrow.

Third Day

Thursday, Oct. 24, 9:30 a. m.

The Synod was opened with devotional exercises, conducted by Rev. Dr. Alexander Sprunt.

The minutes of yesterday were read and approved.

Rev. T. W. Sloan, D. D., and Elder J. A. Whitten, of Batesburg Church, appeared and were enrolled.

It was officially reported that Rev. H. Ward Shannon had been received into Pee Dee Presbytery and Rev. L. L. Legster into Harmony Presbytery, and they were enrolled as members of Synod.

Rev. Dr. J. O. Reavis presented the report of the Permanent Committee on Systematic Beneficence. In connection with this report, Dr. J. P. McCallie, Chairman of the Million-and-a Half Campaign, addressed Synod.

The report was adopted as follows:

Your Committee on Systematic Beneficence would report as follows: The new financial policy adopted by the General Assembly of 1910 recommended first, that the stated beneficences of the churches shall be separate from the current expenses and local work of charity; and, second, instead of depending solely on special Sabbath collections for benevolent causes, each session shall appoint a beneficence committee, with a separate treasurer; and, third, a canvass shall be made by such committee of every member of the congregation for subscriptions to the beneficent work of the Church, to be paid at stated periods, weekly if possible, through duplex envelopes or some other system approved by the sessions. In view of this new policy, there is great need that instruction be given all our people concerning this plan, to arouse them to deeper interest in, and greater liberality towards, "the whole work of the Church." The General Assembly of 1912 directed that "the four Executive Committees, with the help of the Laymen's Missionary Movement, take in hand the effort to have every church in the Assembly

make an every-member canvass for the benevolent causes of the Assembly during the month of March, 1913, enlisting the help of at least 250 workers in the educational campaign, which will precede the every-member canvass in the churches, and that the goal of this effort be the raising of one million, five hundred thousand dollars for the benevolent work of the Assembly during 1913-14. It is the purpose of this campaign, first, to see that a simultaneous every-member canvass be made in each church in the General Assembly during the month of March; second, that one million dollars be pledged for the work of the four executive committees of the General Assembly for the year, from April 1, 1913, to March 31, 1914; third, that five hundred thousand dollars be raised, payable in the next three years, as a special equipment fund, to be pro-rated among the four executive committees, according to the basis recommended by the General Assembly; fourth, "that this financial effort be accompanied by an earnest evangelistic effort on the part of all the pastors and members of the Church, with a view of deepening the spiritual life of the Church and bringing the largest possible number of souls to Christ."

Therefore, be it resolved:

1. That Synod give its endorsement to this campaign as authorized by the General Assembly, and commend it to the consideration of all our churches.

2. As this undertaking was born in a spirit of prayer and humble reliance upon the great Head of the Church, and believing that without prayer it must end in failure, it shall be our purpose in all our planning and working to give much emphasis to prayer and to the leadership of the Holy Spirit.

4. We recommend that where conferences on this every-member canvass are to be held in the bounds of our Presbyteries before the last of February, 1913, that the pastors, elders, deacons, and officers of societies and Sabbath Schools, and as many other members of the Church as possible, attend these conferences for instruction and information, "that we may learn and plan together and unitedly begin to pray and work for the success of this great movement."

The report of the Permanent Committee on Publication and Sabbath School Work was presented and approved. (Appendix.)

The special order was taken up and, after devotional exercises, the Synod heard Secretary E. W. Smith on Foreign Missions. (The arrangement being changed.)

This was followed by the consideration of Local Home Missions. The Executive Committee presented its report (Ap-

pendix), and Rev. A. R. Woodson spoke on the Evangelistic Pastor, and Rev. Dr. R. G. Pearson on Personal Work in Winning Souls.

Synod took recess till 4 p. m.

AFTERNOON SESSION.

4 p. m.

The Synod met.

The Committee on the Records of Piedmont Presbytery reported, recommending approval. Adopted.

The Committee on the Records of Charleston Presbytery made a report, as follows, which was adopted:

The Committee on the Records of Charleston Presbytery wishes to report that it has examined the same and recommends their approval with the exception of the following irregularities:

1. We note that the Chairman of the commission to organize a church at Beaufort held a meeting two days before the commission met and enrolled 18 members.

2. The records do not state whether these members were received by profession or letter.

3. Officers were elected at this meeting for a church that was not yet organized.

4. The records are incomplete in that they do not state what name was chosen for the church.

The Committee on Bills and Overtures made a report.

Pending its consideration, the Synod took up the order of the day and heard the report of the Permanent Committee on Assembly's Home Missions, followed by an address by Rev. Dr. A. D. P. Gilmour. The report was then approved. (Appendix.)

It was made the order for 10:30 tomorrow to hear and consider the report of the Committee on the Theological Seminary.

The report of the Committee on Bills and Overtures was further considered, and adopted as follows:

Your Committee on Bills and Overtures would report, recommending the following answers to papers placed in our hands, viz:

1. To an overture from the Presbyteries of Charleston and South

Carolina, asking that "In view of the twenty-five millions which our Church has assumed as her rightful share of the non-Christian world; in view of the unspeakably solemn fact that we are practically their one hope of knowing Jesus Christ; in view of the supremely critical conditions in the Far East involving the radical re-adjustment of the intellectual and spiritual relations of one-fourth the human family; and in view of the financial difficulties embarrassing the administration of our foreign work, the Presbytery of Charleston overtures the Synod of South Carolina,

"(a) To devote one hour of its next meeting to special and united prayer for the coming of Christ's Kingdom in all the earth, and for the spiritual quickening of our Church to accomplish its missionary task.

"(b) To set apart one whole day of its meeting in 1913 to the cause of Foreign Missions, the program to be carefully prepared and speakers secured by the Synodical Foreign Mission Committee, with the hope and prayer that God will bless these means to the spiritual uplift of our Synod as He blessed the Misisonary Conventions at Birmingham and Chattanooga."

Answer: The first item of the overture has been provided for by the Committee on Devotional Exercises.

We recommend that the request of the second item be granted.

2. To an overture from the Presbytery of Bethel asking that the Synod recommend to the General Assembly, at its next meeting, the transfer of the Pageland Church, in Bethel Presbytery, Synod of South Carolina, to the Synod of North Carolina.

Answer: We recommend that the Synod make this recommendation to the Assembly. Adopted.

3. To an overture from the Presbytery of South Carolina asking the Synod to transfer the counties of Edgefield and Saluda, with that part of Lexington County now within the bounds of South Carolina Presbytery, to the Presbytery of Charleston.

Answer: The Presbytery of Charleston, having signified her willingness for this transfer, we recommend that this request be granted.

4. To an overture from the Presbytery of Harmony asking the Synod to request those Presbyteries which have decided against the removal of Chicora College from Greenville to Laurens, at this time, to recomsider their action.

Answer: We recommend that this matter be left with the interested Presbyteries.

5. To an overture from the women of the Pee Dee Presbyterial Union, asking that Synod take steps looking to the organization of a Women's Synodical Union, and the appointment of a Synodical Com-

mittee on Women's Work, we recommend that the requests of this overture be granted.

Committee on the Records of Presbytery of South Carolina recommends approval of the Minutes with following exception, to wit: At the spring meeting, 1912, the Presbytery adopted certain standing rules, among which we find the following: Printed Minutes, pp. 147, 148, Standing Rules. Sec. X, Church Session, rules 62-66, Peremptory Rules; 67-70, Advisory Rules.

1. The exception is not taken so much with the matter of the rules, though this is in some cases provided for by the Book of Church Order, and in others, matters over which the Presbytery has no control; but primarily with the *fact* of the Standing Rules for Session.

2. The adoption of such rules by one court for the government of another court violates the fundamental doctrine of the Presbyterian Church, that the various courts are separate and distinct in their respective spheres.

3. The Book of Church Order provides for the conduct of the session as it does for other courts.

4. The action confuses the fundamental differences between courts, and the session is as much of a court as a Presbytery, Synod or General Assembly.

5 If a Presbytery may adopt rules for a session, any court may do the same for a court over which it exercises review.

Respectfully submitted, F. D. VIEHE,
Chairman.

On motion, a committee composed of the chairmen of the Local Home Missions in the several Presbyteries, with Rev. G. G. Mayes added as chairman, was appointed to consider and report to next Synod touching the readjustment of the boundaries of our Presbyteries.

The Rev. H. R. Murchison was appointed to carry the greetings of this Synod to the Synod of the Atlantic, colored, now in session in this city.

The Committee on Finance made a report, which was docketed.

Synod adjourned till 9:30 tomorrow, with prayer by Rev. C. F. Rankin.

Fourth Day

Friday, Oct. 25, 9:30 a. m.

The Synod was opened with devotional exercises, conducted by Rev. H. A. Knox.

The minutes of yesterday were read and approved.

The Committee on the Records of Bethel Presbytery reported, recommending thier approval. Adopted.

The Moderator appointed the following *ad interim* Committee on the Minutes of the Assembly to report next year: Rev. A. D. P. Gilmour, D. D., Rev. Arnold Hall, and Elder W. D. Knox.

The following were nominated to the next General Assembly, from which to select the representatives of this Synod in the Assembly's Permanent Committee on Systematic Beneficence: Rev. J. O. Reavis, D. D., Rev. E. E. Gillespie, Elders A. E. Spencer and M. F. Ansel.

The following was adopted:

Resolved, That we have heard with genuine profit and pleasure the eloquent and learned addresses delivered by Rev. Thornton Whaling, D. D., on "Dr. Thornwell as a Theologian;" by Rev. A. M. Fraser, D.

D., on "Dr. Thornwell as an Ecclesiologist;" and by Rev. Thomas H. Law, D. D., on "Dr. Thornwell as a Preacher and a Teacher," all of which addresses were delivered as part of the celebration of the Centennial of the birth of the Rev. James H. Thornwell, D. D., L.L. D.; and the Synod now desires to put on record its appreciation of these valuable contributions to the life and memory of our distinguished divine.

Resolved, further, That the Stated Clerk of Synod, with W. A. Clark, of Columbia, and John McSween, of Timmonsville, be appointed a committee and authorized to procure from the speakers copies of these addresses, and, with the consent of the speakers, have the same printed for distribution among the members of Synod; and be authorized to meet the expenses thereof out of any funds in the hands of the Treasurer not otherwise appropriated.

The following was adopted:

Resolved, That the Stated Clerk of each Presbytery be requested to keep an up-to-date list of the Elders, Deacons, Sunday School Superintendents and Presidents of Women's Societies, so that it may be furnished upon application.

Rev. W. M. Caldwell, representing the Synod of the Atlantic, bore the greetings of that body to this Synod, and was cordially welcomed and heard with pleasure.

The order of the day was taken up, and the Committee on the Theological Seminary presented its report. Pending its consideration the Synod heard with the greatest interest addresses from President Whaling and Rev. Dr. R. G. Pearson, Dr. Patterson Wardlaw and Rev. Dr. James O. Reavis, concerning the present condition and prospects of the Seminary, and the instruction now given therein. The report was adopted as follows:

Your Committee on the Theological Seminary reports that the Minutes of the Board of Directors have been well kept. They show that the Lord is giving His blessing to this beloved institution. The report of the Treasurer shows that $32,075 of its endowment is invested in loans on bonds and stocks at 6 per cent., and that $3,000 is invested at 7 per cent; that $137,983.98 is invested in mortgages on real estate at 7 per cent., and that $7,500, lately paid in, is now awaiting investment. These investments brought in last year an income of $14,442.50; the President reports a material increase in the number of students in attendance this session; and the Board and Faculty manifestly have the good will of the whole Synod.

Your committee recommend: 1. That, in view of the fact that all agitation looking to any removal of the Seminary may now be considered as finally settled, the Board of Directors consider the initiation of a consistent plan of erecting buildings on the Seminary property.

2. That the election of the Rev. R. G. Pearson, D. D., to the chair of English Bible, Pastoral Theology and Sacred Rhetoric be approved.

3. That the retention of the Rev. J. O. Reavis, D. D., as instructor in Home and Foreign Missions, and Prof. Patterson Wardlaw, L.L. D., in Pedagogy of the Sabbath School, be approved.

4. That the elections for the Smyth lectureship be approved.

5. That an election be had to fill the vacancies caused by the expiration of the terms of the Rev. J. G. Richards, D. D., and J. Allen Smith, Esq., on the Board of Directors.

6. That, pending the discussion of this report, Dr. Whaling, President of the Seminary, be heard. GEO. A. BLACKBURN, *Chairman.*

Rev. Dr. J. G. Richards and Col. W. W. Lewis were elected directors of the Seminary to serve for the next three years.

The Permanent Committee on Foreign Missions presented its report, which was adopted. (Appendix.)

The report of the Standing Committee on Local Home Missions was taken from the docket and adopted, as follows:

Your Committee on Local Home Missions reports that it has examined all the papers put into its hands. It finds that the Executive Committee has held three regular and one called meetings, and its report shows diligent and faithful work.

During the past year thirty-nine missions have been conducted, eight new churches organized, and twenty-two of our pastors have held forty-four evangelistic meetings beyond the bounds of their respective charges. As one result of this pastoral evangelism, about two hundred were added to the Church on profession of faith.

The financial statement shows that the committee began the year with a deficit of $246.59 and ended with a deficit of $677.51; that it received $8,117.51 during the year, which was a gain of $667.53 over last year.

The reports of Messrs. Mayes and Mills show zeal and efficiency. The Superintendent has been instrumental in forming five new pastoral groups within the Synod, and of increasing the salaries of pastors to the amount of $1,600.00.

Your Standing Committee would recommend:

1. That Rev. G. G. Mayes be elected Superintendent of Local Home Missions for the ensuing year.

2. That Rev. E. E. Gillespie be elected Synodical Treasurer of Local Home Missions for the next year.

3. That the Synod raise for the sustentation and enlargement of the work the sum of $15,000.00.

4. That all churches be urged to meet in full their apportionments to Local Home Missions, in addition to any local work they may undertake.

W. B. Arrowood, *Chairman.*

The report of the Committee on Finance was taken from the docket, amended and adopted, as follows:

The Committee on Finance would respectfully report that the accounts of the Treasurers of Synod and two committees have been referred to them as follows, namely:

(1) Rev. Thos. H. Law, Treasurer, Synod of South Carolina.

(2) Rev. E. E. Gillespie, Treasurer, Committee on Home Missions.

(3) Rev. S. C. Byrd, Treasurer, Synodical Committee on Schools and Colleges.

Your committee have carefully examined each of said reports and find that the disbursement of funds which have come into their hands is properly vouched, and receipts covering said disbursements filed with their report.

Your committee would make the following recommendations, namely:

(1) Your committee finds that the income of the Treasury of the Synod of South Carolina, in respect to both the contingent fund and the Townsend fund, sufficient to meet all expenses incident to that account, and we therefore recommend that in order to meet the expenses of the contingent fund the following assessments be made, namely:

Bethel Presbytery	$75.00
South Carolina Presbytery	30.00
Pee Dee Presbytery	25.00
Harmony Presbytery	35.00
Charleston Presbytery	45.00
Enoree Presbytery	60.00
Piedmont Presbytery	30.00

(2) We find that for several years past the income of the Committee on Home Missions is not sufficient to meet their ordinary expenses. The reports submitted for the past year show a deficiency of $677.51. It is important that this be in the future avoided and your committee are advised that this can be accomplished in only one of two ways:

First. By changing the apportionments which have heretofore been adopted between the Synod and the Presbytery, or

Second. By increasing the assessment.

Your committee would deem it inexpedient to adopt the first proposition since it would tend to disturb the plan which has for some time

been settled among the Presbyteries. Your committee would therefore recommend that the assessment for the coming year be made Fifteen Thousand ($15,000) Dollars, instead of $12,000, as heretofore.

W. A. Clark, *Chairman.*

The Committee reported and the Synod adopted the following

NARRATIVE:

The Committee on the Narrative respectfully reports that narratives from all Presbyteries have been received. From these the following conclusions may be drawn:

1. Attendance upon public worship is uniformly good.

2. No statement of definite facts as to the number of families observing family worship is given. About one-third is a fair estimate of those faithful in this matter, and there is general agreement as to the neglect.

3. The Sabbath is generally well kept by the members of the church, though in one or two instances it is suggested that there is some laxness.

4. One Presbytery reports a willful neglect of the training of the children in the home, but there is an encouraging note in other reports.

5. All reports agree as to the work of the Sabbath Schools, except in cases of small congregations where none exists. The training of the children in this regard is satisfactory.

6. There seems to be encouragement and improvement in the matter of giving. In many instances the salaries of ministers have been increased. In most cases ministers are paid promptly and fully.

7. The spiritual life of the people has been deepened in many congregations, where protracted services have been held, and the Holy Spirit has given evidence of His presence in this and other ways.

8. All report worldly conformity to exist to some extent.

9. Few churches have evangelistic services or do religious work outside their own bounds.

10. There seems to be no consistent or general effort on the part of ministers to gain recruits for the Gospel Ministry, though there are commendable exceptions.

F. D. Jones, *Chairman.*

The Permanent Committees on Ministerial Education and Relief and Schools and Colleges were consolidated and made the Synod's Permanent Committee on Christian Education and Ministerial Relief, the present Committee on Schools and Colleges being the committee.

The Moderator appointed the following Permanent Com-

mittee on Woman's Work: Rev. H. A. Knox, Rev. C. F. Rankin, Rev. T. D. Johnston, and Elder A. B. Morse.

Mr. W. A. Clark was appointed by Synod to look after the interests of Synod in certain property in Chester.

The following was adopted:

Resolved, That the Synod of South Carolina assure Rev. Dr. W. S. Bean, its Historian, of its continued interest in his work; that it request him to proceed to write the volume of history as proposed by him; that it request its constituent Presbyteries to secure, at their spring meetings, from their ministers, elders, and sessions, such subscriptions for the publication of this volume as they may, in order that the whole work may be pushed to completion as speedily as possible.

The Committee on Leave of Absence presented the following report, which was approved:

The Committee on Leave of Absence would respectfully report that the following persons have been excused, viz: Rev. Thomas H. Law and J. W. Reid were excused for tardiness; J. Walter Bankhead, T. J. Estes, W. P. Anderson, J. M. Love, after night session of Wednesday, 23d; J. Mc. Moore, J. A. McMurray, J. T. Nisbet, J. C. Nelson, J. M. McLain, D. M. Clark, J. H. McMurray, F. G. Boggs, G. N. C. Boleman, A. G. Wardlaw, N. Keff Smith, A. S. Doak, after today's session, 24th; W. M. O'Bryan, J. Q. Howe, W. E. Wilds, S. R. Grisham, H. H. Wyman, L. R. Williams, J. B. Swann, Rev. M. B. McLauchlin, excused for absence from this meeting. J. B. SWANN, *Chairman.*

The Synod, having learned with deep regret that the Rev. B. Palmer Reed, a faithful attendant and useful member of the body, has suffered a stroke of paralysis and lies seriously ill at his home at Reidville, instructed the Stated Clerk to address a letter to him, expressing the sincere sympathy of his brethren, and their hope for his speedy recovery; and that in the closing prayer of Synod the Moderator make special petition to the throne of grace in his behalf.

The following resolution of thanks was adopted by a rising vote:

The Synod of South Carolina hereby expresses its sincere appreciation of the hospitality shown it by those who have so graciously thrown open their homes to the members of Synod, and have in so many ways added to the pleasure of Synod while engaged in its work here; to Miss McClintock for her courteous invitation and the pleasant hour spent at

her school; to the ladies of the three Presbyterian churches for the entertainment of Synod last evening, and to the pastor of the church who has acted as host during this session of Synod.

The minutes of today's sessions were read and approved.

The Synod then adjourned with singing, prayer, and the Apostolic Benediction, to meet at Florence, 8:30 p. m., Tuesday, October 21st, 1913.

E. E. GILLESPIE,
Moderator.

III. Report of the Executive Committee on Local Home Missions

It is with a sense of gratitude that your Executive Committee submits this its annual report. We feel grateful to God for His blessing upon the work and grateful to our brethren of the Synod for their hearty co-operation and words of encouragement.

Your committee has had three regular and one called meeting during the year and all matters pertaining to its work have had careful attention. The work this year had two drawbacks of a temporary nature. The one was the aggressive campaign for the endowment of our educational institutions. In the end this will redound to the furtherance of Home Missions, but for the time that has had the right of way. The other was the change in the financial system that was being undergone in one Presbytery at least. However, we are glad to be able to report progress.

DISTRIBUTION OF FUNDS.

The funds which were put at the disposal of your committee were expended: First. In the support of the workers employed by the Synod, a superintendent for the Presbyterial committees and a pastor for the Presbyterian boys at Clemson College. Their reports we submit herewith. Second. In assisting the three Presbyteries of Pee Dee, Harmony and Charleston. To Pee Dee was appropriated the sum of $250.00 for the work in Horry County. To Harmony the sum of $600.00 for the Georgetown churches. To Charleston all its contributions by reason of its great and pressing needs.

INFORMATION FROM THE FIELD.

The information we present was gathered from the reports of the Presbyterial committees, from our Superintendent and from the pastors of the Synod in response to a circular letter sent them.

SUSTENTATION.

There were seventy churches aided for a part or the whole of the year. The claims of each were carefully investigated and the aid was needed. Some of these churches are giving as much as thirty-five and forty dollars per member for self-support. By Bethel aid was given to twenty to the amount of $1,205.00. By Charleston to nineteen to the amount of $2,850.00. By Enoree eight were aided to the amount of $280.00. By Harmony five were helped to the extent of $500.00. Pee Dee gave $750.00 in aid to seven. Piedmont helped nine of its churches to the amount of $522.00, and in South Carolina five were assisted by an appropriation of $475.00. The sum total thus expended in sustentation was $6,582.00.

MISSIONS.

There were thirty-nine missions conducted. Of these four were among the cotton mill operatives; eight were in small towns; ten were in rural districts and fourteen were mission Sabbath Schools. Several of these we can reasonably expect to grow into churches at no distant day.

CHURCHES ORGANIZED.

Eight churches have been organized since the last meeting of Synod. Two by Bethel, two by Enoree, two by Piedmont, one by Harmony and one by Charleston. Two among cotton mill operatives--at Great Falls, in Chester; and Buffalo, in Union. Four are in small towns—at Owings, in Laurens; Pageland, in Chesterfield; Lanes, in Williamsburg, and at Starr, in Anderson. One at Keowee, in Oconee, a country church, and the other at the county seat of Beaufort. The last is at the site of the first Presbyterian church ever organized in South Carolina. Thus the first has become the last—"The Presbyterian Church of Beaufort."

EVANGELISM.

There is but the one special evangelist at work within the Synod and he is employed jointly by the Presbyteries of Enoree and Piedmont. His services have been signally blessed and especially to the mission churches, where he has for the greater part of his time labored.

Twenty-two of our pastors have been making full proof of their ministry in doing the work of an evangelist beyond the bounds of their respective charges. Thirty-five evangelistic meetings were reported as having been held in churches with pastors, six in churches without pastors, and three at mission points. As one result of this pastoral evangelism about two hundred were added to the churches on profession of faith. It is worthy of note that one of these pastors was engaged in seven meetings; two others conducted four meetings each, and one, who has reached his four score years, conducted two of these meetings in vacant churches, with the result that more than twenty were added on

profession and more than twenty children of the Covenant had the rite of baptism administered to them.

FINANCIAL.

In reporting the facts of finance, we call attention, first, to the fact that this report covers the ecclesiastical year ending April 1, 1912; second, that the figures are taken from the reports of the several Presbyterial treasurers, and not from the reports made by the churches to their Presbyteries.

Of the fifty-nine churches in Bethel thirteen met, or more than met, their apportionments, and nine gave nothing. Of the fifty-seven in Enoree, five met their apportionments and nineteen gave nothing. Of the thirty-seven in Harmony, four met their apportionments and nine gave nothing. Of the thirty in Pee Dee, five met, or more than met, their apportionments and ten gave nothing. Of the thirty-six in Piedmont, fourteen met, or more than met, their apportionments, and only two gave nothing. Of the twenty-nine in South Carolina, six met their apportionments and five gave nothing.

By comparing this report with that of last year, we are disappointed to find that a smaller number of churches met their apportionments in full and that a larger number gave nothing to this cause. There are reasonable explanations for this, but it is none the less to be regretted that it is so. On the other hand, our stronger churches, which were reported last year as falling behind, have come forward this year in meeting the expectations of their Presbyteries, and the sum total of the contributions for this year was greater than that of last by some $667.53.

Five Presbyteries report an increase in the contributions and two a falling off.

SUMMARY FOR THE SYNOD.

The reports of the treasurers show that $8,117.51 was contributed through the regular channel as against $7,450.98 for the year before, whereas the churches claim in their reports that $10,520.00 was contributed as against $10,737.00 the year before.

Per member, Charleston gave about 66 cents; Piedmont, 37 cents; South Carolina, 34 cents; Pee Dee, 31 cents; Bethel, 27 cents; Harmony, 24 cents, and Enoree 17 cents.

FINANCIAL STATEMENT.

REPORT OF THE SUPERINTENDENT.

Your Superintendent in submitting this his annual report, wishes to express his apprecation of the kind words of encouragement given and the practical help extended him during the past year. He regrets that

there were so many hindrances, of a providential nature, to this report being what he would wish it to be. The severe weather of last winter caused him to make several long trips in vain and so threw the trains off schedule that he missed others. In February he met with an accident while trying to board a train and was laid aside for more than two weeks, and serious illness in his family kept him out of the field for some time.

Meetings Attended.—He was able to meet with each of the Presbyteries once, and with three twice, during the year. He met with six of the Presbyterial committees constantly and reported to their chairmen from time to time the information he had gathered and the results of his efforts.

Churches Visited.—On the invitation of their pastors he visited eleven of our stronger churches and presented the cause of local missions. On invitation of their sessions he occupied twenty of our vacant pulpits and offered the several congregations his assistance in securing pastors and at the request of the Presbyterial committee, or upon his own motion, he visited nineteen of the dependent or mission churches and conferred with them as to self-support.

Vacant Churches.—All of these have had his attention and some of them he has been able to help. There are fewer vacancies in the Synod at this time than for many years. Piedmont, South Carolina, Charleston and Enoree have not a vacant charge; Bethel and Pee Dee have but the one, and Harmony has but two vacant pastorates, besides two small churches for which a convenient grouping has not been found. In the work of assisting the churches in this matter, Rev. S. C. Caldwell has looked after Charleston and the Rev. James Russell rendered valuable service in Bethel.

Mission Points.—He has made continuous effort to learn where missions might be established, and six of those already established have from time to time been visited by him. Eight that were mission points last year are now organized churches. The one mission school at Sunset, in Pickens County, has continued to do a good work in a needy place.

New Pastorates.—Five new pastorates have been formed by the regrouping of churches. This means five more pastors added to our number, greater compactness and in consequence a possibility of more efficient service. The formation of these has necessitated the visit of the Superintendent, in order to arrange the salary, to urge the churches to ask as little aid as possible, and at the same time to insure an adequate salary.

New Pastors.—He has been instrumental in bringing into the Synod seven new men. In this, he would repeat, his effort has been to serve the churches and not to place men. He wishes merely to be made the

medium through whom the churches seeking pastors and available men can become acquainted. For this purpose he keeps a list of all available men known to him and endeavors to learn the facts of every vacant field.

Pastors' Salaries.—The question of pastors' salaries has been forced upon his attention, and, wherever he could, in vacant churches, he has lent his services to raise a better salary. In this way he was instrumental in adding some $1,600.00 to pastors' salaries.

Georgetown Church Debt.—The debt on the Georgetown Church has absorbed much of his attention. An appeal to individuals throughout the Synod having failed of the desired result, he went before all the Presbyteries except Charleston and asked that the debt be apportioned the churches, which was done without exception. The several Presbyteries assumed definite amounts and Harmony fixed a time limit for this apportionment to be met.

Other Activities.—He has held five evangelistic meetings, all of which were in small, vacant, or mission churches. Altogther, he has preached sixty-six times. He has presided over six congregational meetings and ordained one elder and two deacons in a small vacant mission church. He has addressed five mission societies and unions in the interest of local missions. He has traveled eight thousand eight hundred and forty-five miles at a cost of $103.05 for railroad fares and hotel bills. Courtesies extended by certain railroads explains the possibility of this. He has expended for stationery and postage $20.20. Toward the defraying of this expense he had on hand at the beginning of the year $27.64, he has received from some of the churches and societies visited $74.98, and is therefore due $10.63.

Respectfully submitted,

GEORGE G. MAYES,
Superintendent

REPORT OF REV. W. H. MILLS, RESIDENT PASTOR AT CLEMSON COLLEGE.

Herewith I beg to submit my report on my work at Clemson College for the past year, 1911-12.

It has been principally along three lines, as follows:—

First.—*Preaching Twice on Each Sabbath*: Three times a month at the Fort Hill Church; twice a month at the Keowee Chapel; once a month at the Old Stone Church; once a month to the convicts at Clemson College; once a month in the Clemson College Chapel, to the students and Faculty. I have also usually assisted in the Sunday Schools at Keowee and Fort Hill.

A church with fifteen members has been organized at Keowee, and I believe good work is being done there. Students from the college assist in the carrying on of Sunday Schools at Keowee and the Old Stone Church.

Second.—*Bible Class Teaching*: Last year I taught on each Sabbath of the college year a class of about 15 to 18 students, in Murray's "Life of Jesus, According to Mark." These men in turn had classes of from 6 to 10 each, so that I was thus enabled to reach some 100 to 150 students with my interpretations of the Scripture. For this year about the same number is enrolled in the Bible class. This work has been very delightful, and I consider it of the highest importance.

During the Spring months I met on Sunday nights a class of students in Dr. A. J. Brown's "The Chinese Revolution." The young men showed some real interest in this study.

Third.—*Visiting among the Students, and Entertaining Them in My Home*: I have visited among them from time to time, and have always met a cordial welcome both from the Presbyterian students and the other boys as well.

It has given me pleasure to have them come to my home, and it is our custom to have a few come to the manse on one of the latter evenings of each week, by special invitation, and we encourage them to come freely at all times.

There are this year 106 students here who are members of the Presbyterian Church, and 40 who are not members, but prefer the Presbyterian to all other churches, or 146 boys in all who are probably from Presbyterian homes.

I beg to direct your attention to the pages attached containing a census of the student-body, according to religious denominations, and church preferences; and a census of the Presbyterian boys, according to the Presbyteries of the Synod.

With the beginning of the new year the students will be sent to the several churches here to worship on Sunday mornings. This will necessitate the improvement and thorough repair of our own church. This matter has been taken up in the Presbyteries and I have reason to believe that the needed funds for this work will be forthcoming. It is earnestly hoped by both the pastors resident here, and the college authorities, that the change to worship in the churches will result in a very much closer affiliation of the students with these churches, and every facility will be afforded us to bring this desired result about.

Respectfully submitted,

W. H. Mills.

IV. Report on Assembly's Home Missions

The Committee on the Assembly's Home Missions respectfully reports:

The blessing of God signally rests upon this rapidly enlarging work of our Church, and calls for ever-increasing expenditure of money, labor, and prayers. We now have more than 400 home missionaries (not counting their wives) serving more than 600 missions and stations. who are supported in whole or in part by the Executive Committee of Home Missions.

There is an overlapping of the departments to a certain extent, but the following division is approximately correct:

Mountain Work.
Foreigners.
Colored Evangelization.
Evangelistic.
Weak Presbyteries in the older Synods.
Indians.
Frontier.
Church Erection.

Church Erection.—At present $11,473.58 are loaned to weak churches.

When we remember that there are 275 homeless churches and applications on file aggregating $100,000, it is evident that large funds available for church erection would yield coveted dividends for every cause.

Foreign Speaking People.—Our Church supports 82 stations and churches, employs 47 missionaries, reaching 12 nationalities.

Colored Evangelization.—"During the current year the Executive Committee has assisted in the support of 44 missionaries and teachers for the colored people, supplying 69 churches. Most of these are regularly ordained colored ministers. An arrangement was entered into with the Board of Domestic Missions of the Reformed Church of America whereby they place their funds for Colored Evangelization in the hands of our Executive Committee, and we expend the same in supplying their churches, using graduates of our own Stillman Institute. They leave this expenditure entirely to our judgment, and we make quarterly reports to them of our expenditure. We trust that this may be the beginning of larger things in the way of co-operation for these dependent people."

Mountain Work.—"No church ever faced such an opportunity for genuine Christian service as our Church faces today in the mountain sections of our country. In the Southern Appalachian system there are over three million of the purest Anglo-Saxon people to be found on this continent. Living far back from the highways of travel, they have been passed by and neglected for generations. They are a rugged, hardy race, with bright, receptive minds. We can put our money and our energy in this work, confident of rich results. Our Church has a noble company of men and women laboring in the lonely mountain fastnesses. Some receive only $15 per month, others serve without pay. Through their Christian ministry and Christlike sacrifice, hundreds of lives are being touched and whole communities are being transformed by the power of the Gospel.

"The Executive Committee has been so straitened in its income that its operations have been circumscribed both in extent and in intensity. Beyond aiding a few mission schools in the mountains and sustaining a few evangelists for destitute sections or struggling mountain churches, it did not dare to venture. In recent years it has been gradually enlarging its area of service in the mountains; and now that the Assembly has instructed the Committee to assume the obligation of Dr. Guerrant's worthy work, it has awaked suddenly to the fact that God in His providence has thrust it into a new and wide field of service. Fifty additional missionaries, occupying as many new stations and schools, means not only greater opportunity by reason of this widened sphere, but weightier responsibility for our Church. In many communities which we have now entered, the Presbyterian Church has been heretofore absolutely unknown; and yet we are the only Church occupying

the field. It is a trying situation, but surely God has given us the field for a purpose. Is this new call a mockery of our impotence to reach the masses? Or is it a challenge to our faith, inviting larger effort? Accepting the challenge in the name of the Church, the Executive Committee is inaugurating a systematic effort to reach the people of the mountains.

"After much consideration of men, Rev. W. E. Hudson has been elected Mountain Superintendent, and put in charge of the entire field. His qualifications for this service and experience in Mountain Missions seem to adapt him specially for the responsibility. It is the purpose of the Committee to induce Presbyteries gradually to absorb the work, and unify the whole as speedily as possible. Rev. E. O. Guerrant will retain his fostering care and fatherly interest in the work, giving such time to visiting and evangelistic effort as his strength will permit. Will the Church endorse this expansion of the work, and this loving ministration in behalf of the needy; or will it allow itself to become wholly absorbed in other things, while its indifference places the Committee in a most painful and embarrassing situation?"

Frontier.—"The Frontier partly shifts from the far West to mountain valley or city slum, peopled by foreign settlers; yet it will remain pre-eminently in the West just as long as a million people annually move across the Mississippi out into Oklahoma and Texas and surrounding States. Statistics show that 100,000 people pass through St. Louis and Kansas City each month, moving westward. This rolling tide of humanity bears on its bosom a stream of our Presbyterian people. They go to increase the mass of restless humanity, constantly drifting away from the Church, that must be constantly sought and won. The building of new railroads necessitates new centers of population and new communities where churches must be organized and built, if we are to hold our country for Christ, and plant the principles of righteousness in every growing community.

"Oklahoma, the newest frontier, is now filling so rapidly that its population is estimated at nearly 2,000,000; but it has the smallest percentage of church membership of any State. The statement is made that only 18 out of each hundred are identified with any church, Protestant or Catholic. In all probability it contains more people than any other State, whose church membership has lapsed, and who greatly complicate the problem of evangelizing the country.

"In recent years the small Indian Presbytery has developed into the Synod of Oklahoma, but it is the weakest Synod of the Church, not simply in point of members, but in view of the scattered character of the work, thus preventing the encouragement which is the result of close fellowship. Beyond all peradventure it presents more difficulties than any other section of the Church. Still it has taken an advance step by

substituting pastor evangelists for Synodical Superintendent; and each Presbytery is struggling to maintain itself and occupy its growing mission fields, through the regular channels. It now has 32 ministers, 73 churches and about 2,500 communicants. It has very few self-supporting churches, and is largely dependent upon the Executive Committee for aid in prosecuting the work.

"Texas is the largest Synod, not only in area, but in opportunity. It has every kind of climate, every variety of soil, every type of people and every problem imaginable, which will render it for years to come our largest Home Mission territory. Only the great Synods of North Carolina and Virginia now exceed Texas in membership, while in point of liberality its percentage for the benevolences places it in the front rank. It recently raised a quarter of a million dollars for its educational institutions, and yields to Foreign Missions the best dividend of any Synod for the investments made by the Church in its Home Mission fields.

"Owing to its new lands opened up, new towns being built, and its ever-increasing population, it is compelled to accept aid from the Church. The East is pouring its sons and daughters into Texas, and must bear part of the burden of their support. The time will come when Texas will lead all Synods in membership, and will pour its money into the treasury of the Church for the evangelization of every destitute section."

Indians.—"The work becomes more perplexing each year, owing to the large Indian death-rate and the scattering of the church membership. This latter is due largely to the allotment of lands. Many were compelled to accept allotments far from their church, whilst the settlement of white people around Indian churches so changes the character of the membership that some Indians drop out, not feeling entirely at home. Consequently, former Indian churches are changing to white; and it is only a question of time when some of these churches will transfer to Durant Presbytery. Thus, every phase of Mission Work has its own peculiar problems."

God has richly blessed our Home Mission Work in every department. When we think of the unoccupied fields, the unevangelized multitudes, the workers waiting to be sent, it is plain that our Home Mission giving, praying, and labors are not equal to our Home Mission opportunities. This Synod pleads for a larger place in the affections of her members for this fundamental cause.

V. Report of the Permanent Committee on Foreign Missions

Again we are called upon to record, with grateful recognition of God's goodness, His blessing on the Foreign Missionary Work of our Church.

According to the report of the Executive Committee, in our seven foreign fields last year we had 69 stations, 438 out-stations, 464 churches, 786 native helpers, a church membership of 26,174, a Sunday School membership of 29,388, 3,483 additions on profession and nearly $50,000 contributed by the native Christians. Over 11,000 were taught in our mission day schools, colleges and seminaries. Over 100,000 were treated in our hospitals, and vast quantities of Christian literature was printed and circulated.

In June, 1912, our Executive Secretary, Dr. E. W. Smith, reported that we have in our seven foreign fields 98 ordained men, 22 doctors, 11 male teachers, 122 wives, and 67 single women serving as teachers, nurses, or evangelists. The total is 320, distributed as follows: In Africa, 20; in Brazil, 38; in China, 132; in Cuba, 18; in Japan, 38; in Korea, 62; in Mexico, 12. About four-fifths of our missionary force, on the average, are in active foreign service, the other fifth being in this country on their regular furlough.

Since April 1st, of this year, thirty-two new missionaries have been sent out and eight more will sail in a few weeks. Of the forty, fifteen go to Africa, twenty to Korea, two to Brazil, and three to China.

The total receipts last year for this cause were $504,803. For the first time our Church crossed the half million line. The receipts from legacies were $30,000 less than the year before, the gifts from living donors were $82,000 more.

As a Synod we should ever remember that on May 23, 1907, unanimously, and in the spirit of deepest solemnity and prayer, our General Assembly took the formal action by which more than 25,000,000 of men, women and children became dependent on us for their knowledge of Jesus Christ.

If we do not as a Church reach this multitude in our lifetime and give them an intelligent opportunity of knowing our Savior, and of becoming His real disciples, they will in all human probability go on into the Great Beyond without God and without hope.

We can reach them if we will. Our Church has men enough and money enough, and organization enough to hold out the Word of Life to this vast multitude in our generation. God's Spirit has prepared the way. The fields are white unto the harvest. The Master is calling to His own to come over and help Him "win for the Lamb that was slain the reward of His suffering."

"He comes again. O Zion, ere Thou meet Him make known to ev'ry heart His saving grace; let none whom He hath ransomed fail to greet Him, thro' thy neglect, unfit to see His face."

From the statistics given us through the Assembly's Minutes of 1912 we note that Bethel Presbytery, with a membership of 6,717, contributed $8,286.00 to Foreign Missions last year; an average of $1.23 per member.

Charleston Presbytery, with a membership of 2,836, contributed $7,775, or $2.74 per member.

Enoree Presbytery, with a membership of 5,426, contributed $20,714, or $3.82 per member.

Harmony Presbytery, with a membership of 2,911, contributed $3,486, or $1.20 per member.

Pee Dee Presbytery, with a membership of 2,589, contributed $3,854, or $1.50 per member.

Piedmont Presbytery, with a membership of 2,853, contributed $2,469, or 87 cents per member.

South Carolina Presbytery, with a membership of 2,598, contributed $2,840, or $1.09 per member.

The average per member throughout the General Assembly is $1.71. The Executive Secretary describes those who give above this amount "as those that lift; those falling below as those that lower." The per capita average of this Synod as a whole is about $1.90, placing the Synod in the class designated "as those who lift."

Your committee would recommend to Synod the following resolutions:

1. This Synod endorses and seconds the request of the General Assembly that all churches supporting missionaries raise their contributions for such support to the standard of a thousand dollars per missionary, in order to place our Foreign Mission Work on a sound financial basis.

2. The Synod would urge upon all its churches and women's societies, that amid the current changes of organization and beneficence plans, they do not reduce in any measure the amounts they have been contributing to the Foreign work, as on these contributions our missionaries abroad, and their families, must depend for their daily bread, and twenty-five millions of men, women and children for their knowledge of Jesus Christ.

3. In view of the twenty-five millions which our Church has assumed as her rightful share of the non-Christian world; in view of the unspeakably solemn fact that we are practically their one hope of knowing Jesus Christ; in view of the supremely critical conditions in Korea and in other parts of the Far East, involving the radical readjustment of the intellectual and spiritual relations of one-fourth of the human

family; and in view of the financial difficulties embarrassing the administration of our Foreign Work, we recommend that an hour be set apart at this meeting of Synod for prayer and for special consideration of our foreign missionary obligations.

Respectfully submitted, J. O. Reavis,
Chairman.

VI. Report on Ministerial Education and Relief

The Permanent Committee on Ministerial Education and Relief begs to submit to the Synod of South Carolina the following report:

EDUCATION FOR THE MINISTRY.

During the past year the Executive Committee of the General Assembly has aided 277 candidates in the sum of $20,490. The maximum appropriation to each candidate was scaled from $100 to $75, because of the increase in the number of candidates and a small decrease in the contributions to the cause.

Our Synod has had its proportionate share of the number dependent upon the committee at Louisville. The matter of obligation should be laid heavily upon our churches. These are our men, and it is our duty to support them in their preparation for the work of the Gospel Ministry.

The Assembly has set apart the first Sabbath in December as a special day of prayer for an increase in the number of candidates. Pastors are requested on that day to preach on the Claims of the Gospel Ministry. The committee reports with great pleasure the increased attendance at our own School of the Prophets, and commends this noble, time-honored institution to the patronage of the sons of our Church, especially within our own borders.

MINISTERIAL RELIEF.

The committee at Louisville reports that aid was granted to 61 ministers, 150 widows, and 14 orphans without either father or mother, constituting a total of 225 afflicted homes. Within these homes there are 70 little fatherless children, under the age of 14. The average assistance to each family was $158, being about 43 cents per day. That which many of us have spent as the price of luxury has been the stay for life in the homes of many servants whose labors have been well done, and who have left to our generosity the care of their dependent ones. Are we satisfied that things shall so be?

ENDOWMENT FUND OF MINISTERIAL RELIEF.

This fund has now more than $315,000 safely invested. The goal is $500,000. Will you aid on the realization of this desired aim of the Assembly? Within the last few years the interest in this great movement has somewhat abated, especially in the churches as a whole

Shall we not lay up for our aged ministers that which will be a protection for them when the energies shall have been spent in the Kingdom of our Lord? If they are willing to minister for our Church in spiritual things, shall we not minister for them in material things? Let this great cause be pressed upon the attention of our churches, our men and women of wealth, and commended to those especially who are looking for a cause upon which to bestow an especial gift or legacy for the glory of God and the good of His Kingdom.

THE HOME AND SCHOOL.

The benefits of the Home and School are for the children of deceased ministers and missionaries. It supplements the amounts given these bereaved families from the funds of Ministerial Relief and of Foreign Missions. The committee has announced its intention of separating the college from the Home and School, and using none of the money of the Church to maintain the School. The Home will welcome the needy orphan children of our ministers and missionaries, who have no other suitable home open to them. Almost all of the Presbyterian colleges provide free tuition for the sons and daughters of our ministers, so the boys will be provided for in the Home until they are 16 years of age, and the girls until they are 18. This obviates the necessity of paying for the maintenance of an institution for the education of these boys and girls after the period when they are welcomed to institutions already in existence.

The old debts and the current expenses of this institution call for funds, and it is most cordially commended to the liberality of our people.

Your committee would respectfully call attention to the "Million and a Half Campaign" that is set before the Church through the co-operation of all of the committees of the Assembly. The causes represented by the Committee on Christian Education and Ministerial Relief are very vitally associated with this great movement. It commends itself to us in that it is both co-operative and progressive.

Inasmuch as the work of Christian Education and Ministerial Relief is under the control of one committee in the Assembly, and inasmuch as the Synod of South Carolina has a Committee on Schools and Colleges, we recommend that the work of this committee be transferred to the Committee on Schools and Colleges of the Synod and this committee be abolished.

Respectfully submitted,

W. H. FRAZER, *Chairman.*

VII. Report on Schools and Colleges

The Permanent Committee on Schools and Colleges beg to submit their report as follows:

The year has been a most encouraging one in the life and work of the Presbyterian College of South Carolina, of Davidson, and of Chicora College. We regret to learn, however, that the Presbyterian High School, at Florence, has suspended.

The collection for the cause of schools and colleges has not been good. In Bethel Presbytery, only 18 churches contributed; in Charleston, 4; in Enoree, 13; in Harmony, 7; in Pee Dee, 6: in Piedmont, 1, and in South Carolina, 2. There should be, we think, a more general and generous contribution to this cause.

The Treasurer's report is as follows:

VIII. Report of Permanent Committee on Publication and Sabbath School Work

The source of our information for this report is the Fifty-first Annual Report of the Assembly's Executive Committee of Publication and Sabbath School Work, except that portion relating to the work in our Synod, which comes from the Stated Clerks of the Presbyteries.

GENERAL STATEMENT.

1. *Sales Department.*—As is well known to the members of the Synod, our Church carries on a regular book business at Richmond and Texarkana through its Executive Committee. The Committee says

"that the fifty-first year of our existence as an agency of the Church has been the most active of our history, and the enlarged volume of business and the extent of our benevolent activities warrant us in believing we have rendered the Church a larger service than ever before." In the last ten years the sales have increased from $43,587 to $202,046. Each year this department not only sustained itself, but constantly added to the capital and netted a nice amount, a part of which is spent in the Sabbath School Extension Work. The Auditor's report shows the business to be in a sound condition.

2. *Publishing Department.*—Our Committee prints and distributes many millions of pages every year in the form of books, tracts, magazines like the Missionary Survey and the Onward, and a complete set of Sunday School Literature. The Committee considers the publication of Alexander's Digest as its most notable work of last year. We would also call attention to some very useful issues, such as the small Book of Prayers; also forms of Prayers for Mothers, The Assembly Songs, Revised Edition of the Teacher Training Course, by Dr. Phillips, In Four Continents, and several missionary pamphlets by Dr. Williams.

3. *Sabbath School Work.*—Aside from Sabbath School Helps, issued by our Committee, which are highly satisfactory, we are more directly concerned about the Extension Work carried on by the Assembly's Committee, not only because our churches are called upon to contribute to this cause, but because of the great and pressing need of this form of misisons. This work is done in two ways, first by donating Sabbath School literature and books to needy and young schools, these donations amounting to $11,116 last year, and benefiting 15,000 young people, who, otherwise, would have been neglected, and second, through Sunday School missionaries. These field workers did service in eight Synods and eleven Presbyteries. The General Superintendent says, "Never in the history of the South has there been such an opening for church extension through the pioneering work of the Sunday School missionary. New opportunities for opening mission schools are challenging the old established churches almost everywhere to undertake new work at their very doors."

SPECIAL STATEMENT.

1. Your Committee wishes to emphasize by way of reiteration the warning with reference to the New Graded Lessons being issued by an interdenominational syndicate. The objections raised by our Committee are both practical and doctrinal. The practical difficulties seem to be that because of the seventeen grades it greatly multiplies the books and cost to supply a Sunday School. And doctrinally the leaning is toward the radical critic's view of the Atonement and Inspiration of

God's Word. Attention is called to the Assembly's pastoral letter touching this subject.

2. In the report of the General Superintendent of Sunday Schools the Assembly's attention is called to the "lack of efficiency" of the Synodical and Presbyterial Committees of Publication and Sabbath School work, and asks the Assembly to "help remedy this serious defect." In response to this request, the Assembly adopted the following resolution: "That Synods and Presbyteries be requested to give particular attention to the selection and work of their committees on Sunday Schools and young people's societies, in order to secure better organization and larger fruits." Your Committee simply calls attention to this action without suggestion other than to change the Permanent Committees into Executive Committees, with instruction to act, and placing means in the hands of said Committees to carry out said instructions. Such a change would be radical and would undoubtedly bring about larger results in this department.

3. Your Committee has ascertained the status of the work in each one of the Presbyteries. The official reply comes back, "My Presbytery has done nothing of special moment to promote Sabbath Schools and Young People's Societies." This reply is applicable to all of the Presbyteries in the Synod.

RECOMMENDATIONS.

1. That Synod urge all of its Sabbath Schools to continue the use of our own Lesson Courses and Helps, and by no means to adopt the new Graded System disapproved by the Assembly.

2. That Synod devote one of its evening sessions at its next meeting to the cause of Sabbath School and Young People's work, and the Permanent Committee be instructed to arrange a programme for its guidance.

Respectfully submitted,

HUGH R. MURCHISON,
Chairman.

IX. Report on the Bible Cause

The Permanent Committee on the Bible Cause would present the following:

All who appreciate the importance and value of the Bible in the hands of the people as a condition of successful evangelization, must rejoice in the great and constantly increasing work the American Bible Society is doing. According to its last report, for the year ending March 31st, it issued 3,691,120 copies of the Scriptures, the largest number for one year in its long and progressive history. And showing how diligently it is cultivating both the home and foreign fields in which our American Churches are laboring, this vast number of issues

was about equally divided between this country and foreign lands, over 1,800,000 in each department.

Just at this time our Church, in co-operation with other evangelical denominations of the United States, is enlisted in a magnificent enterprise of Home Missions, through which we are striving to reach and save all classes of our population, wherever they may be and whatever their condition and needs. And the American Bible Society, with its organized corps of efficient agents, colporteurs, and other helpers, is leading the way, endeavoring to put the Word of Life in suitable form, using eighty different translations for those speaking foreign tongues, into the hands of the people everywhere, so that we can the more readily enlighten them and lead them to Jesus Christ.

And, looking abroad, where the Foreign Missions are extending so rapidly, the Bible Society, keeping pace with the Churches, is prosecuting its work just as vigorously and successfully. To read the story of this work as given by the society in the reports of its foreign agents, and learn from them how the bread of life, in such abundance, is being supplied to the heathen nations, cannot but stir the spirit and gladden the heart of every one who earnestly prays, "Thy kingdom come." For example, in China, where such astounding changes have lately taken place, and such unexpectedly wide doors have been thrown open not only to Western civilization, but also to the Christian religion as well, the circulation of the Scriptures last year, by our own Society alone, reached 1,168,262 volumes, beyond anything in the past. And now the opportunities are so great and promising that the officers of the Society are at this very time appealing earnestly for special help to meet the unprecedented and imperative demands.

It is also matter of special gratification to ourselves that, having recently provided the whole Bible in their own tongue for the Koreans, among whom it is being widely circulated and diligently used, the American Bible Society has lately taken under consideration the printing of a translation of a portion of God's Word by our misisonaries in the Congo, giving rise to the hope that the missions of that promising field will ere long have the benefit of the Society in that territory, which they hitherto have greatly needed.

In view of such facts, we ought to be zealous and liberal in supporting this great agency in its magnificent work. It is to be deeply regretted that so many of our churches still neglect the contribution for the Bible Cause, so earnestly and frequently urged by our Assembly. The reports of the churches the last year indicate that our aggregate contributions for this worthy object have not yet reached the small sum of $10,000, which the Assembly has, year after year, been asking for it. But, to the credit of our own Synod, we are glad to note that the contributions of its churches as reported the last year, amounting

to $1,149, is above the average, and greater than the 1 per cent of the gross apportionment for benevolence suggested by the Assembly. Hence, had all our churches taken part in this matter, we might have set a good example to other Synods.

Finally, we recommend that the Synod urge all our congregations to enter cordially and promptly into "The Million and a Half Campaign," which promises such immeasurable benefit to all our Church enterprises; that they fully adopt and work "The Assembly's Plan of Systematic Beneficence," and that in the Every-Member-Canvass they make sure to embrace the Bible Cause as distinctly included in the Assembly's scheme, and give it the support it deserves in their regular offerings.

We further recommend that as a condition of complete success in the extensive Home Missions enterprise now on foot, our ministers and our people be urged to promote, in every way practicable, the circulation and use of the Scriptures among the destitute in our own country.

Respectfully submitted,

THOS. H. LAW,
Chairman.

XI. Report of Thornwell Orphanage

The Synod of South Carolina:

Brethren: By direction of the Board of Trustees of the Thornwell Home and Schools for Orphans, I am instructed to present to you their annual report:

During the year ending September 30, 1912, there were 312 children under our care; of these 195 were from the Synod of South Carolina, 75 from the Synod of Georgia, and 30 from the Synod of Florida. The rest from various States. There were only three graduates this year from the Collegiate Department and ten from the High School Department of the Orphanage. There were 27 children dismissed at their own request or at the request of relatives. There was one death in the institution from a disease contracted by the child while absent on vacation.

The health of the children has been a source of much study with us. We have had 100 cases of measles during the year. Experts of the State Board of Health have made examinations for hook-worm and pellagra, and, through the kindness of Atlanta friends, specialists in eye, ear, and throat troubles, have visited us and made physical inspections.

The school work for the year has been highly successful. A course of lectures with the use of the stereopticon was provided; the children to the number of 250 were taken by Atlanta friends to that city and were entertained at the great Presbyterian rally.

Once during the year we were visited by fire, but fortunately the loss was covered by insurance.

For future protection, 6-inch watermains, with suitably placed hydrants connected with the city water supply, have been located throughout the grounds, reels and hose have been purchased, and the older boys of the Home have been organized into fire-fighting squads. The damage done to the Home of Peace was thoroughly repaired.

The Florida cottage, to cost about $3,000, has been begun and is now in course of construction. It will be used to provide for a family of twenty boys.

Both Library and Museum have been increased and the Museum building will be enlarged during the coming spring.

Bath rooms and water supply have been provided for every cottage on the place and some of the public buildings have also been provided.

Improved machinery has been placed in the mechanical departments. The farm has received special attention, and has been a source of considerable profit during the season. The kitchen has also been improved with several pieces of improved machinery, which have been found to be both profitable and convenient.

The support of the institution has been provided for by the Church, the receipts being $31,198.26, all of which was expended for the purpose for which it was given.

The Board of Trustees held their annual meeting in June last, there being presnt five representatives from the Synod of South Carolina, four from Georgia and three from Florida. At this meeting action was taken urging the raising of a hundred thousand dollars of endowment, the interest to be used in meeting salaries of matrons and teachers, so relieving the support fund to that extent.

The total added to the endowment fund during the year reached the sum of $6,311.14

For the next year's support of the institution there will be need of about $33,000, for there will be an increase in the number of pupils to 330, as soon as the Florida cottage is completed, and also to meet the rise, so severely felt everywhere, in the cost of provisions. It is hoped

that, as heretofore, Thanksgiving collections will be arranged for in the various churches, and that one Sabbath in next June or July also be given to meet the usual summer lack.

The Board of Trustees expresses its gratitude at having closed the year without debt, and it warmly appreciated the devoted love of the Church, by which this great family has been provided for, in every way, for the twelve months past.

By order of the Board.

W. P. JACOBS,
President.

XII. Memorial

MEMORIAL OF REV. THOMAS B. TRENHOLM.

The Rev. Thomas Burden Trenholm, born in the city of Charleston. S. C., was of Huguenot lineage, his father being Charles Lewis Trenholm, of Charleston, and his mother Portia Ash Burden, of Johns Island. He was educated in Charleston and at the South Carolina College, and Columbia Theological Seminary. He graduated at Columbia Seminary in May, 1893. He was licensed to preach by Charleston Presbytery. Between 1890 and 1893 he served, for short periods of time, the churches of Lynchburg and Beulah, Bethany and Old Fields, Richmond and Corinth. He was ordained by the Presbytery of Atlanta and became pastor of Covington and Bethany churches in 1893, remaining with them until 1901. While there a mission church known as Luther Ways Church was organized and a house of worship erected largely through his instrumentality. In 1901 he returned to his native State and became pastor of the church on Edisto Island, which he served till 1906, at which time he was called to a group of churches in Harmony Presbytery, consisting of Lynchburg, Beulah and Lake City. These constituted his last pastorate. During the time of this pastorate the churches of Lynchburg and of Lake City doubled in numbers and the church of Beulah had so grown as to require a new and larger building. The commodious and tasteful house of worship it now occupies was erected under his supervision. In June, 1910, failing health compelled him to desist from serving Beulah Church; and in 1911, completely broken in health, he laid down the Silver Trumpet. As a hopeless invalid, he spent some time in Columbia, whence he went to spend life's sunset hour with his daughter, Mrs. Dr. Burnett, in Camden, S. C., where, after nine months of decadence he fell asleep November 10, 1911. In Elmwood Cemetery, Columbia, S. C., his mortal part awaits the resurrection of the just. When sixteen years old he made a profession of religion and united with the Gleebe Street Church, at that time under the pastoral care of that great theologian and prince of preachers, the Rev. John L. Girardeau, D. D., whose eldest daughter,

Miss Susan King Girardeau, he married when he was nineteen years old. From this union there were six children, of whom four survive him. Bereft of the wife of his youth, he subsequently married Miss Adella Beckett Hills, of James Island, who survives him. His young manhood found its employment in various business pursuits, and it was not until he was crossing life's meridian, at the age of forty, that he felt constrained to heed the divine call to the ministry, which is said to have come to him in the morning of his days, and in the closing hours of life he expressed the deepest regret that he had not taken up at an earlier period the Divine task.

He was a man of fervent piety, deep convictions and great boldness in the faith. Having been subjected for so long a time to the mental and spiritual influence of his gifted father-in-law, under whose ministry he sat as a lad in Gleebe Street Church and subsequently as a mature man in the Arsenal Hill Church, and at whose feet, as his great Gamaliel, he sat a student in theology, it is not surprising that his pulpit efforts should be largely educational in scope, his sermonic work predominantly doctrinal. The great doctrines of grace gripped his very soul. He loved them. He rested in them. He counted it his chief joy to proclaim them, and when he heard the mortal challenge of the last enemy he laid hold of them as the confident warrior grasps his shield and buckler to face the final test. W. J. McKay.
